

U.S. KIDS CHILD DEVELOPMENT CENTER

PARKING AT THE CENTER

Our parking situation for drop-off and pick-up is tight to say the least. At this time, we are unable to use the curbside parking just outside our front door. However, we have made a special arrangement with the PMI Parking Garage located in the building. The garage is located on the New York Avenue side of the building between the New York Avenue Convenience Shop and the Sun Trust Bank.

PMI provides the center with ½ hour parking validation stickers at a rate of \$1.00 per sticker. We will in turn sell these tickets to you at the same cost. Tickets may be purchased in bulk at a rate of \$80.00 for a booklet of 80 tickets. Tickets are to be used solely for arrival and departure with your child. You may not double up the tickets for 1 hour. Any time used after ½ hour will be charged by the garage.

We strongly encourage parents to park at their office or to ride metro. The center is conveniently located within one block of the McPherson Square Metro Station (14th & I Streets). We will provide daily storage space for your stroller in a small room directly behind the reception desk. The Infant Room also provides limited stroller storage in the classroom.

Thank you for your patience and cooperation.
